

Abortion Colonel Klink

(3.15.2006 - J. Dassatti/D. Lamoureux/E. Lamoureux/R. Lamoureux)

Trying to endure a penance of self-control so early in the day
Industrial atonement, corporate blasphemy,
I suppose we're all screwed anyway

Abortion Colonel Klink, Abortion Colonel Klink, Abortion Colonel Klink

Dress codes, parking rules, the sacrilege of time clocks, it's not about policy
Erosion of purpose, the dangling of trinkets, it's your self-declared authority

Abortion Colonel Klink, Abortion Colonel Klink, Abortion Colonel Klink

Punishment behind pretentiousness, the carrot is your stick
So tell me, who the hell do you think you're fucking with?

Abortion Colonel Klink, Abortion Colonel Klink, Abortion Colonel Klink

I walk away, I steal away, you cant buy me off with merit pay
I walk away, I steal away, you can't buy me off with pizza on Friday

Abortion Colonel Klink, Abortion Colonel Klink, Abortion Colonel Klink

You exploit me and I will most certainly exploit you
